The Application

Tips to expedite review of your application

Application completion

- Use the correct application/state forms for the state in which you are licensed and are writing the application. Refer to the agent website if you are unsure.
- The correct application will match the resident state of the proposed insured.
- Application must be taken in person to verify ID and health. Check photo ID for verification.
- Write legibly, when completing a paper application.
- Include DOB and SSN for proposed insured, owner and Beneficiaries.
- Answer all questions. Leaving blanks on the application causes service delays.
- Obtain all appropriate signatures.
 - The only electronic signature we accept is through our proprietary DocuSign application or using the e-application for Jet Term Life and Jet Whole Life. Any other form of unauthorized electronic signature will render the application invalid and will require a rewritten application.
 - Proposed insured age 12 and older must sign the application.
 - Owner or petitioner (if other than proposed insured) must sign the application.
 - Parent (if child is 16 or younger); guardian can sign in place of parent. Court-appointed guardianship papers must be included with the application.
 - Payor - Complete EFT form; if submitting a voided check, indicate “see voided check” on EFT form. The form must be signed by an authorized accountholder.
- Leave MIB notice with client.
- If an application is received without a signature, date of birth, Social Security number, or on an outdated or incorrect form, the application will be rejected. No copy will be kept on our system for these cases.

Submitting an application

- **Fax:** (866) 787-1450.
 - No fax cover page needed; any additional information should follow application pages.
- **Secure Email** (access secure email from the quick links box on the home page of agent website to get set up). You will receive a system-generated email when application is received.
- **App Loader Mobile App** – Visit the Mobile App Center at <https://agentapps.royalneighbors.org> for download instructions.
- **Mail:** 230 16th Street, Rock Island, IL 61201

Application review

- Applications will be entered into our system the same business day as received until 2 P.M. Central Time.
- Once an application is in the system, it will appear on your pending business report and you will receive a confirmation email.
- Please allow two business days for the underwriter to review.
- If additional information is needed, Underwriting will email you promptly.

Checking on pending applications

- Use agent website <https://agent.royalneighbors.org>.
 - Updated nightly
 - On home page of website go to Reports tab; New Business, Pending, Final Action
- Agent Mobile App/Agent Access, New Business
 - Real-time updates

Things to know about Jet Term Life and Jet Whole Life:

- The accelerated underwriting process is optimized for customers under age 50 who are in relatively good health.
- The rules behind the application are set to evaluate actual health history, not just whether a question is answered yes or no. The system also matches medications, driving record and MIB responses to answers on the application.
- There is no knock-out medication list for Jet Term Life and Jet Whole Life.
- This process must be completed face to face. The applicant and any other signors must be present with the agent to complete the process.
- Applications and forms are based on the Proposed Insured’s resident state not the state the application is signed in.
- Premiums for the Jet Term Life and Jet Whole Life products are drafted upon approval. If you elect monthly withdrawals and select a withdrawal date day other than the issue date, two drafts may occur in the first month. This information is also noted on the EFT form.
- If the applicant has existing coverage with Royal Neighbors of America, the existing coverage will be added to the requested amount and the application may be placed in the fully underwritten category and the application may not be processed through the Accelerated Underwriting process.
- Call Underwriting for a risk assessment if you have questions -800-627-4762 option 1

Financial Underwriting Guidelines

Financial underwriting is a critical part of the underwriting process. The purpose of financial underwriting is to prevent anti-selection or speculation on the Proposed Insured's life, as well as to ensure that the proposed certificate is affordable for the owner.

Age	Coverage – Maximum Multiple of annual earned income
Under 18	Individual consideration (see below)
18–40	20x
41–50	15x
51–69	10x
Over 69	5x

²Household income can be used for homemakers or other non-wage earning individuals.

.

Affordability

- Affordability of the premium provides the Society the protection against early lapse due to non-payment of premium. Whether the case is for \$1 million or \$25,000, the underwriter will review the premium payment to determine if it is in line with the applicant's income. If there are any concerns with affordability, additional questions may be asked or in some instances the case may be rejected.
- If the premium is more than 6% of your client's annual household income, please provide an explanation of how the customer will pay for the coverage.

Proof of income

- Income tax returns (prior year) are required where the face amount is over \$1,000,000. Tax returns may also be required by the underwriter as proof of income where the applicant is self-employed or employment/income questions are raised during the underwriting process.

Source of funds

Source of funds documentation must be provided in all cases where

- For products other than SPWL, the premium amount is \$10,000 or greater and the funds are not from a 1035 transaction
- Payment over \$500 is made with a money order or cashier's check
- Payment is made from trust bank account
- Bank or account statements are acceptable forms of documentation

Any payment where source of funds does not originate with the Insured/Owner's personal account will not be accepted.

No COD on cases where source of funds documentation is required.

Additional Guidelines

1035 Exchange information

- For non-taxable treatment of 1035 Exchange, the following must be in place:
 - Exchange must be *from* life insurance going to life insurance. Annuity to life insurance is not acceptable.
 - Owner and Insured on both contracts must be identical
 - Contract being exchanged must be in force
 - Entire value of existing contract must be exchanged

Bankruptcy and liens

- Will only consider insuring an individual after any bankruptcy has been discharged
- Need details of any outstanding liens and judgement; payment plan will be required for any debt repayment arrangement

Business coverage

Certain coverage restrictions apply. Buy/Sell coverage and Key Person arrangements can be considered with the following requirements:

1. Buy/Sell coverage
 - a. Provide coverage amounts on all Owners/partners and copy of Buy/Sell agreement
2. Key Person
 - a. Available for family owned and operated businesses where the continuity of business is the primary financial need
 - b. Provide corporate resolution or Key Person agreement, reason client is a Key Person and justification for face amount

Cashier's check/money order

- In order to comply with U.S. Treasury regulations, cashier's check or money order for payment of life insurance premium greater than \$500 requires a certified receipt from the issuing bank providing the source of funds. The source of funds must be from an account that is owned by the Owner of the certificate.
- If the Owner is unable to provide this certification, we will accept a personal check for the initial premium.
- A money order cannot have agent's name on it.

Certificate dating

- Issue ages are calculated based on the Proposed Insured's last birthday.
- A certificate can be backdated 90 days from the issue date in order to save age.
- A certificate cannot be backdated in order to make someone eligible for a product or rider for which she/he otherwise would not be eligible.

Additional Guidelines

Children (Ages 0-17)

- Newborn children must have a Social Security number issued to them in order to write the application.
- Please make sure you weigh and measure the child. Child height/weight guidelines take age into account. If the measurements are not current it will impact our ability to offer coverage. If the child's height and weight are unknown, it is recommended that you have the parent call the child's doctor for the child's last recorded height and weight. Please include the date of the visit.
- Any insurance applied for on a child under the age of 16 requires a "Petitioner" as Owner. The Petitioner will most likely be the child's parent but can also be the grandparents, but parental authorization is needed. Here's what you need to know about Petitioner-Owner status:
 - The Petitioner has complete control of certificate until child reaches age 16
 - At age 16-21 the child has limited rights that will require Petitioner's consent
 - At age 21 the child has full ownership transferred to her/him; the Petitioner has no rights to contract or to make any changes going forward
- All siblings should have equal coverage amounts. As a general rule, face amount is limited to half (50%) of parents' total coverage. Grandparents may purchase limited coverage on grandchildren (parent signature is required).

Conditional receipt

- If face amount is over \$1 million or if within the past 12 months the Proposed Insured has been treated for or had any known heart trouble, stroke or cancer, payment (including authorization to draft the first premium) cannot be received with application and no conditional receipt may be given and there will be no coverage under any conditional receipt.

Conversions

- All applications for conversion must be accompanied by a check or EFT authorization for the first conversion premium payment or the application cannot be processed. The check must be received by us before the contract is sent out. We do not allow COD on conversions.

Foreign travel/residency

- Applicants planning travel to areas of armed conflict, or countries/areas designated as *Level 4 No Travel* by the US Department of State, may not be accepted for coverage. Please call for a risk assessment.
- Anticipated or planned travel to disaster areas and prolonged travel out of the country – call for assessment (800) 627-4761, press 1.
- The applicant must be a U.S. citizen or legal resident to be eligible for coverage.
- Foreign nationals, applicants with visa or applicants without a Social Security number are not eligible for coverage.
- State laws supersede any travel restrictions indicated here.

Additional Guidelines

Fraternal considerations

1. Policy is referred to as "Certificate."
2. Insured and/or Owners with a criminal background are not accepted regardless of the face amount of the certificate.

3. Fraternal benefit societies must issue insurance for the benefit of members and their dependents. Insurance owned or benefiting corporations is generally prohibited. See section on acceptable Owner & Beneficiary relationships for more information or call Underwriting to discuss your situation.

Lapses and reapplying for insurance

If client has one certificate that has lapsed within the last 12 months, we will allow the client to reapply with a new application with current date and signature.

If client has two certificates that have lapsed (regardless of timeframe), we will allow client to reapply with:

- Cover letter explaining improvement in financial situation
- New application with current date and signature
- First premium submitted with the application

We are unable to consider any client who has three or more lapsed certificates.

Mature assessment

For ages 66+ a mature assessment will be completed at the time of the paramedical exam. Assessment includes “get up and go test” and activities of daily living questions.

Military personnel

- Application and any medical requirements must be completed in the United States.
- Military personnel alerted for, on orders or deployed to active duty are unacceptable risks and will be postponed for coverage.

Non-working spouse

- A non-working spouse can be insured equal to working spouse up to \$500,000. For amounts greater than \$500,000, please call for risk assessment.

Owner/beneficiary

- Standard beneficiary designations include:
 - Spouse/Parent/Child
 - Estate
 - Legal dependent (guardianship papers required)
- Trust papers must be submitted when a trust is listed as Owner and/or Beneficiary. Please provide the first page, signature page, trustee designation page and beneficiary pages. For irrevocable trust, please submit full trust document for review.

Additional Guidelines

Personally controlled business

- We do not advance commission on personally controlled business including any certificate where the Insured, Annuitant or Beneficiary is immediately related to you. Immediate relations include your spouse, children, brothers, sisters, parents and yourself.

Power of attorney

- Power of attorney signatures are not acceptable at any point during the underwriting process.
- The insured must have the mental capacity to enter into a contract and be able to understand and sign documents, complete interviews and any related requirements with full understanding.

Underwriting Amount

- The underwriting amount is based upon the total amount of new coverage applied for plus any in-force coverage with Royal Neighbors within the last five years. We reserve the right to order additional requirements as needed to make a risk assessment.

Writing business in non-resident state

- We cannot accept applications on individuals residing (part-time or full-time) in the states of Alaska, Hawaii, Alabama, Louisiana, New Hampshire, New York and Massachusetts.
- Applicants should be solicited for new business in the state in which they reside. The application must be signed in the resident state of the proposed insured and the agent must be licensed in that state.
- Rebating is not a practice that Royal Neighbors permits in any state, in any form.
